

Women's Lenten Retreat

In a world where it is so easy to notice negativity, we need some strategies for noticing goodness. It can be overwhelming to turn on the news, jump on to Facebook, or ask our kids how their days were at school. With all the negativity, drama, and tragedy, it can be challenging to know how to believe, behave and be like the amazing women that God created us to be. Challenging ... but not impossible.

Lent is such a wonderful time for us to connect with one another and with God through meaningful conversation and reflection. It is often in these moments that we find strategies for noticing goodness – God’s goodness.

Join us as we share stories about God’s presence in the good times and hard times of our lives and reflect on the power of love to help us heal and help us see ourselves and others in the image of God.
