

OLP Athletic Uniform Policy

Students who play Parochial league athletics for Our Lady of the Presentation wear team uniforms, which are distributed at the beginning of and collected at the end of each season. Throughout the season, athletes carry their uniforms between home and school; they and their families are responsible for washing and caring for the uniforms and returning them at the end of the season in good condition. In the case of lost or damaged uniforms, families will be charged a replacement fee and the students report card will be withheld until the uniform has been returned or the fee collected.

The Procedures

- Each season there is an athletic uniform distribution day. The Athletic Director, Assistant Athletic Director, and coaches will supervise the distribution of uniforms.
- The Athletic Director and head coach keep a record of which uniform belongs to which student.
- Each coach will have an extra uniform in case players do not have their uniforms only for that particular game. Coaches will collect loaner uniforms immediately after each game.
- If a player needs a permanent replacement uniform for the remainder of a season, the Athletic Director will issue a new uniform and keep a record of both issued uniforms which will result in a fee for any necessary replacement.
- Each season will also have an athletic uniform collection day that will be announced.
- If a uniform is lost during the season, not returned at the end of the season or returned in extraordinarily poor condition, the family will be billed the actual replacement cost of the uniform.
- The student's report card will be withheld until the uniform has been returned or the fee collected.

By signing I acknowledge that I have read and will adhere to the OLP Athletics Uniform Policy.
