

# Subscribe your Google Calendar to the built-in eCatholic Calendar

Here is how you can subscribe your Google Calendar to the calendar in your eCatholic website.

## 1 Go to your site's master calendar

Go to `yourdomain.org /calendar`. Once there, look in the upper right corner of the calendar. Locate the icon/link to the iCal file (.ics) that is generated by your eCatholic master calendar (*pictured below*).

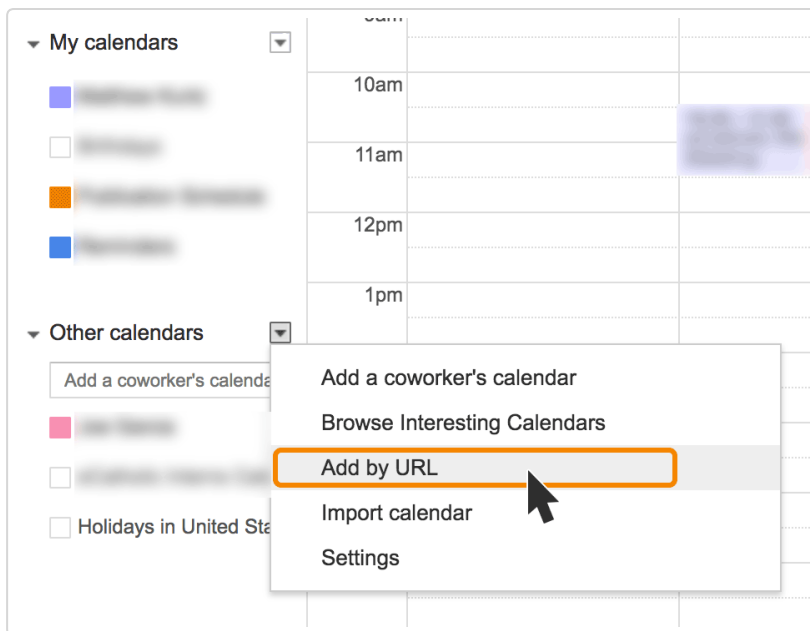

## 2 Copy the link's URL

You do **not** need to access the .ics file directly; you simply need the **URL**. **Right-click** on the .ics icon and **copy** the link's URL.

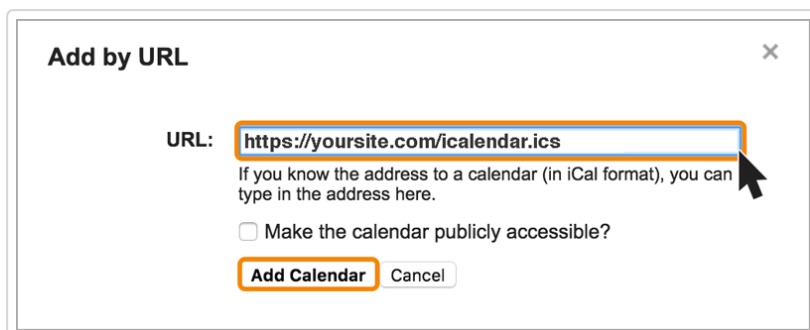

## 3 Go to your Google Calendar and add the .ics URL

Log in to your Google account to access your Google Calendar. Then, click on the drop-down menu to the right of **Other Calendars**. Select the **Add by URL** option.

Finally, paste the **URL** you copied in Step 2 into the **URL** field. Click **Add Calendar** and you should be subscribed to your eCatholic calendar.
